Science Service Substance

**DO YOU HAVE
A MUSTY HOME
WATER DAMAGE
ODORS ???**

Aroostook Testing and Consulting Laboratory Inc.
can help with these problems.

ATC Labs can test your indoor air

ATC Labs have a system that will treat the air and surfaces to destroy the organisms and destroy the odors that they produce.

ATC Labs has been doing Indoor Air Quality analysis and remediation for more than 15 years

ATC Labs utilizes technology that is used by the Federal Government to decontaminate biological contaminations

We are Certified Mold Inspectors and Certified Mold Remediators and Degreed Microbiologist with more than 25 years of practical experience.

Please contact us for a consultation and schedule an inspection.
